Dear Mr. Hamilton:

We have received a copy of a Notice of Intention to Conduct Exploration from the Utah Division of Oil, Gas and Mining, and are considering it to be a 43 CFR 3809 notice amendment, since one of the sites on your notice is the same Larry Dutson's notice UTU-079464, which you applied to have transferred to you. However, the amendment is incomplete, since § 3809.301(b)(4) requires a reclamation cost estimate to be submitted with a notice or notice amendment. We are enclosing a reclamation cost estimate of \$12,070.00 for your review. If you do not agree with the figure, you may submit your own estimate for our review.

Once you have either submitted your own estimate or concurred with ours, we will continue the processing of your notice. Upon our acceptance of the notice and financial guarantee, we will refund the current \$1375.00 financial guarantee to Larry Dutson.

If you have any questions, please feel free to contact me at (435) 743-3125.

Sincerely,

Jerry Mansfield  
Geologist
